SPACE ASSIGNMENT

All vendor space assignments are issued by Celebrate Highwood upon application approval.

The highest priority for assignment of space is given to returning vendors and then on a first come, first serve basis.

VENDOR SPACE DIMENSIONS

Each assigned space is 10'x10'.

Additional spaces can be purchased.

Prior to the start of the season, vendors will receive a diagram showing your designated space.

Unless other arrangements are made with Celebrate Highwood, the vendor will occupy the same space for each Market date. If issues arise with the assigned space, contact the Celebrate Highwood Market Staff immediately.

Some spaces at the Market may be purposely left vacant to allow for overlap of tents and/or ease crowding within the rows.

Vendors must keep their produce, displays, and employees within the marked space for selling purposes.

TENT & SPACE SET-UP

Vendors must set up their own booths/tents/etc. There will be Market Staff available if issues arise during set-up.

Please ask Market Staff for assistance if you're unsure how to set-up your booth.

Booth space frontage should be consistently lined up with neighboring vendors along the row.

Clearance in the aisles must be kept for crowds and accessibility.

All tents/canopies must be weighted down with at least 25 pounds per leg, regardless of forecast weather conditions.

SET UP & TAKE DOWN

Set-up is to occur between the hours of 2:00-4:00 pm.

All vendors must be ready for inspection with tents secure by 4 PM.

Take-down not before Market close at 9:30 PM. No Exceptions. (See WEATHER CONDITIONS below.)

BOOTH MATERIALS

All tents, booths or canopies must be made from fire retardant material.

Each vendor must have an approved fire extinguisher (minimum 10 pound ABC) in their booth at all times.

Products and goods may be sold from tables, carts, or other similar structures.

All tables, chairs, tents, and other booth infrastructure will be supplied by the vendor.

Celebrate Highwood does not provide and is not responsible for the set-up of any tables, tents, chairs or other booth materials to vendors.

ELECTRICITY

Vendors who would like to use electricity must indicate this on the application and pay an additional fee per each electrical cord hook-up requested (see the Vendor Application for more details).

Vendors using electricity must secure cords tightly and safely to the ground using 4" wide tunnel tape or plastic cord covers provided by the vendor.

All extension cords must be outdoor grade and UL approved. No other extension cords are permitted.

We have 20 amp max, 110 volt standard outlets. Vendors are required to bring a 3-pronged outdoor rated and UL approved extension cord for use for each electrical cord hook-up requested.

COOKING EQUIPMENT

The Highland Park Fire Department does NOT allow any open flame cooking under a tent or canopy.

All vendor booths using a deep fryer and/or open flame burners are required to have both, a K class extinguisher and 10 lb. ABC fire extinguisher.

Fire inspections by the Highland Park Fire Department are required for all events that have any type of cooking activities, whether under a tent or inside of a vendor type vehicle such as a Food Truck.

All propane cylinders shall be secured and/or chained. All cylinders shall meet current safety standards and shall have a current inspection date on the cylinder. All propane regulators shall be secured and shall not be allowed to hang loose.

Frying, cooking or grilling operations shall be done in accordance with the Highland Park Fire Department rules and regulations.

Extension cords shall not be used unless they are rated for exterior use, UL approved and are sized correctly for the appliance (see ELECTRICITY above).

Sales cannot commence until booth has been properly inspected. Tents must be ready for inspection by 4:00 pm.
